

We see it stated that the American Tract Society, during the financial year just closed, printed seven and a half millions of books and tracts, an average of more than 27,000 per day during the year. Of these, 737,800 were handsome bound volumes. In addition to a large number of colporteurs now employed by the society, twenty-nine have just been commissioned to act in various States. During the past year the society circulated forty millions of pages gratuitously, valued at \$27,000.

Mr. Trist.—The New Orleans Bulletin says that Mr. Trist, in conversation in that city, expressed the opinion, "that there is little or no doubt of the treaty on the part of the Mexican Congress."

Wheat Crop.—We learn from the Palmyra Whig, that the prospect for a good wheat crop in Marion and the adjoining counties, is very fine. From present appearances, there is but little doubt entertained, that there will be a full average crop. Accounts from different sections of the country, give very flattering accounts of the prospect of an abundant harvest.

The total territory of Mexico embraces about 1,500,000 square miles. The territory to be ceded to the United States by the pending treaty embraces 655,000 square miles, with a population of about 100,000.

More Damages.—The jury in the case of Rev. James O'Donnell against the city of Philadelphia, for the destruction of his library, paintings, &c., by the mob in 1844, awarded \$2,500 in his favor.

A Locofoco correspondent of the Richmond Enquirer says that "Mr. Polk, after the close of his term of service, will have no other ambition than to spend the remainder of his life under the shade of his ancestral oaks." We think that Mr. Polk will be in a sufficiently deep "shade" without the slightest necessity of ensconcing himself under a big oak tree.—Louisville Journal.

Whigs of Missouri.—JAMES S. ROLLINS, Kentucky is fast earning for herself, like Virginia, a reputation as the mother of statesmen—the Niobe of the west. And among those to whom she has given birth—whose names, services and reputation are held dear by their country, is the individual whom the whigs of Missouri have selected as their candidate for Governor. JAMES S. ROLLINS, who is the person alluded to, is a native of Madison county, in this State, and located himself in Columbia, Mo., and there became an ardent practitioner of the law. Early in life, when scarce beyond that period which distinguishes the boy from the man, he acquired position and rank among the first men of that State. Even now, though but thirty-seven years of age, he is called upon by the unanimous voice of his party, to become their standard bearer in the arduous contest to follow this summer. Looking at the past political history of Missouri, we would pronounce the prospect gloomy enough for the most sanguine mind—enough to sadden him least given to despondency; but, when we recollect the stout heart, the invincible courage and resolute eloquence of the young Chief who heads the glorious Whig phalanx, we confess that the hope of victory cannot die. "Fortune favors the brave," is an old and truthful adage, and under her favor they must conquer. We, as Kentuckians, who have known him from his boyhood, have seen his metal tested and his valor proved, are unable to bring ourselves to the conclusion, that one so young, so generous and talented—the ever steadfast friend of Henry Clay, should be overwhelmed in defeat. It cannot, will not be. Let the whigs rally and try their armor, and Missouri is a whig State. In conclusion, we can say to Missourians, as Patrick Henry once said to Virginians concerning John Randolph, "cherish him and he will make you an invaluable servant."—Frankfort Cour.

GOVERNMENT FINANCES.—The U. S. Treasurer's statement to the 24th of April, 1848, shows the net amount subject to draft, at this time, \$2,652,071.35, of which there was in the Treasury at Washington \$185,774.50; deposited at Baltimore \$53,320.41; at Richmond, Va., \$20,063; at Norfolk \$53,045; and in the mint of the U. S., at Philadelphia, \$561,728.05. According to the official statement of the Acting Secretary of the Treasury, the receipts into the Treasury for the quarter ending the 31st of March last, were \$15,647,020, of which \$9,383, were from customs, and \$6,357,920 from loans. The expenditures during the same period were \$17,054,372.51—\$6,229,550 of which went to reimbursement of Treasury Notes, (including \$1,528,450 redeemed and funded.) According to the Register's statement, the Treasury Notes outstanding the 1st of May, were \$13,139,789.31.

RHEUMATISM AND GOUT.—Wright's Indian Vegetable Pills are a most extraordinary medicine for the cure of Rheumatism and Gout, because they not only cleanse the stomach and bowels of those morbid humors, which if taken into the circulation and thrown upon the membrane and muscle, are the cause of the above painful maladies; but they excite the absorbent vessels to take up that which is already deposited, and are therefore absolutely certain to make a perfect cure of Gout and Rheumatism. A single 25 cent box of said Indian Vegetable Pills will often give the most astonishing relief; and perseverance, according to directions will be certain to drive pain of every description from the body.

BEWARE OF COUNTERFEITS.—THE ONLY ORIGINAL AND GENUINE INDIAN VEGETABLE PILLS HAVE THE SIGNATURE OF WILLIAM WRIGHT WRITTEN WITH A PEN ON THE TOP LABEL OF EACH BOX. None other is genuine, and to counterfeit this is forgery.

The genuine is for sale by BOON, TALBOT & SMITH, sole agents for Fayette; D. C. CHAMPTION, Champion's Mill; S. CARROLL, Glasgow; FELIX REDDING, Keytesville; M. T. ATKINS, Brunswick; and wholesale and retail by HENRY BLAKESLEY, St. Louis. Office and general depot, 169 Race Street, Philadelphia.

WRIGHT'S Indian Vegetable Pills in the City of Mexico!—Great success among the Volunteers!—Letter from a High Sheriff of South Carolina!

Extract of a letter from the editor of the Greenville Mountaineer, S. C.

Dr. W. WRIGHT—Dear Sir:—A week or two ago I sent you a Mountaineer, containing a letter from one of our Volunteers in the City of Mexico, in which he pays WRIGHT'S INDIAN VEGETABLE PILLS, under the circumstances, the highest meed of praise I have ever known a medicine to receive. The Volunteer, William G. Goodlett, Esq., is a gentleman of fine standing—an accomplished and well educated man, and was recently

HIGH SHERIFF
Of this District. By one of your advertisements in a Charleston paper, I happened to notice the location of your office, and thought you might expect an article of some value in regard to your medicine, therefore I sent the paper.

The following is an extract from the letter referred to above:

"My health is very fast improving. I procured a few days ago, some of Dr. Wright's Indian Vegetable Pills, and they have acted on my system

LIKE MAGIC!
Thus it appears that the brave and patriotic Volunteers who have gone to Mexico, to defend the rights and honor of their country, already begin to realize the extraordinary value of this incomparable medicine. Long life to them!

HOBBLE MISTAKES!
Are sometimes made by confounding one medicine with another; and administering the wrong article. Equally horrible are those mistakes which are made in supposing that all Pills are alike, and that therefore, it is indifferent which are taken, and if one kind is bad all are bad together. This is a very great mistake. There is as much difference between Wright's Indian Vegetable Pills and other articles, as between midnight and noonday! We do not wish any one to take our word merely for this statement. Let any one, having taken other medicines, try this. Nothing more will be necessary.

Many persons have been led away by a COLORED or SUGAR, as if they anticipated that it would remove the nausea of the medicine. But they are generally mistaken. Without the SUGAR those articles would have nothing to recommend them, and would not be sold a single day. But with the sugar, and by giving the article a name similar to Wright's Indian Vegetable Pills, they gain a temporary notoriety. Wolves they are in sheep's clothing, of whom the public should steer sufficiently clear.

Let it be remembered that WRIGHT'S INDIAN VEGETABLE PILLS are prepared with special reference to the laws governing the human body. Consequently, they are always good, always useful, always effective in rooting out disease. Every family should keep them at hand.

Miraculous! Wonderful!! Extraordinary!!

Consumption Can be Cured!
And we defy the whole world to produce such strong and undoubted testimony from men of such high standing as we have, in favor of Dr. Rogers' Liverwort and Tar. It not only cures consumption, but breaks up the most distressing cough in a few hours time.

Another remarkable cure of Consumption.
Mr. Gabriel Whitehead, of this city, was reduced so low that all his friends, and even his physicians, had given him up to die.

Mr. A. L. Seville:—As I owe my life to the use of Dr. Rogers' Liverwort and Tar, I feel it a duty and shall without fear or delicacy give my testimony as evidence that others who may be afflicted with consumption or diseased lungs may know that this medicine is no humbug, but is worth ten thousand physicians' prescriptions for the disease for which it is recommended.

Last summer I was taken with a most distressing cough, and about the first of July my lungs were so diseased that I bled, in a short time several quarts of blood, which reduced me so low that all my friends and even my physicians thought I must soon die with consumption. My brother, however, soon heard of the wonderful cures made by this medicine, and procured a bottle, and before I had taken one half a bottle, it seemed to go to the very seat of the disease, and raised a large quantity of matter and phlegm, and my cough was stopped as with a charm. I have since used some two or three bottles, and am now able to attend to my business as well as ever.

I feel very thankful to the inventor of this medicine, for if it had not been for some all-powerful medicine to have raised the matter and phlegm, and healed my lungs, I should, without doubt, now have been in my grave.

If any one will call on me, Catharine street, half a square below Linn, I will give them the particulars, and refer them to numerous friends who visited me during my sickness.

GABRIEL WHITEHEAD.

Cincinnati, Jan 10, 1848.

Sworn to and subscribed this 20th day of November, 1847. H. E. Spencer, Mayor of the city of Cincinnati.

Statement of Hiram Cox.

Late Professor of the Cincinnati Eclectic Medical College, and a physician well known, who has an extensive practice, in relation to the cure of Miss Belt, after having been given up to die with the last stages of consumption, by a number of physicians.

Mr. A. Seville:—Sir: However reluctant I have been to permit my name to appear, attached to a certificate recommending patent medicines, nostrums or cathartics, I nevertheless think it my duty, not only to my patrons, but to the community and all afflicted with diseases requiring cough medicine, to state that in three particular cases of incipient consumption, Miss Belt, step-daughter of Mr. John Carr, of this city, a Miss Burger, sister in-law of Mr. V. Wunder, butcher, and R. K. Cox, one of our city council, that Dr. Rogers' Compound Syrup of Liverwort and Tar, operated more like a specific than any remedy of a similar character, in its operation, that I have ever used in my practice. One of the cases above, viz: Miss Belt, appeared to be laboring under the last stage of scorbutic consumption, as pronounced by several physicians who were in attendance previous to my being called to treat the case. She is, at the present time, in the enjoyment of as apparently good health, and from appearances as likely to die with any other disease as any other young lady of this city. As it respects the health of the other cases, all the threatened premonitory symptoms seem to have subsided from the use of a few bottles of the syrup above.

Very respectfully, H. COX, M. D.

Purchasers please remember the name of the medicine—Dr. Rogers' Syrup of Liverwort and Tar.

SMITH'S TONIC SYRUP
OR
VEGETABLE FEBRIFUGE
SPEEDY CURE FOR
AGUE & FEVER

Chill Fever, Dumb Ague, Intermittent Fever, and all the various forms of BILIOUS DISEASES.

This valuable medicine is undoubtedly the safest, surest and best remedy ever discovered for the cure of the above named diseases. It not only breaks the chill, but removes the cause from which the disease originates. Its operation is both general and special.

While it acts generally upon the whole system, as a most powerful alterative, purifying the fluids, freeing the solids from all morbid secretions, and reinvigorating and bringing up all the vital energies to a standard of permanent health; it at the same time exerts a specific influence upon the liver, digestive organs and lymphatic and glandular systems; exciting them to healthy activity, removing all morbid matter, equalizing the circulation, restoring their proper and necessary secretions, thus accomplishing a complete renovation from disease, and restoration to sound and permanent health.

It will be readily conceded by every intelligent mind that a Tonic Syrup composed of the most valuable ingredients, carefully selected from the Vegetable Kingdom, must possess far more potent properties for the complete eradication of the diseases for which it is especially prepared, than can possibly be compounded with the limited quantity usually administered in the form of Pills.

Those who are suffering with the prostrating AGUE and FEVERS common to the west and south—those whose constitutions have become enfeebled by the use of mercury, quinine, or other violent remedies—should resort at once to the use of this VALUABLE MEDICINE.

It has cured and will cure the most obstinate cases. Travelling with the circulation, it pours its healing current through every vein and artery of the human body. The whole animal economy is made to undergo a thorough radical change. Even the mind partakes of the healthful process, and life, that before appeared one dreary waste, begins again to seem worth possessing.

Pamphlets respecting this valuable medicine, can be obtained of the agents gratis.

CAUTION.

As there are many spurious preparations of similar name hawked about the country and sold on the reputation of the genuine

SMITH'S TONIC SYRUP,

we therefore beg leave to caution the public against imposition, as we cannot hold ourselves responsible for the effects which may result from the use of spurious articles.
